Officers now serving in the Military Train will be permitted to volunteer for service in the Transport Branch of the Control Department or Sub-Departments, on the recommendation of their commanding officer, transmitted through the Field Marshal Commanding in Chief, accompanied by a medical certificate of their physical fitness for service.

The officers approved by the Secretary of State will be required to undergo one probationary service; and, if on completion of that period they are found competent and willing to serve in the department, they will be required to resign their military commissions and be granted departmental (or non-combatant) commissions in the following ranks:—Majors as Commissaries; Captains as Deputy-Commissaries; and Lieutenants as Assistant Commissaries.

Their service as combatant officers will be made up to the day preceding their resignation, when the regulated value of their commissions, whether obtained by purchase or not, will be ascertained and recorded. They will then be allowed the value of their former full pay combatant service towards Departmental Pay, or of receiving on their final retirement from the Service the value of their commissions as recorded, together with a proportion of Departmental Retired Pay, and according to the number of years they may have served in the Control Department.

Such officers of the Military Train as may not be accepted for the department, and who may be unwilling to join the new Service, will be placed on half pay, a step of half rank being given in such cases as may be specially recommended.

After the first formation of the Control Department, officers will be appointed as Controllers only as provided in Article 13 of the Royal Warrant; and while such officers can be found in the Sub-Departments of Supply and Transport, not more than one appointment to the rank of Assistant Controller out of three will be made by selection from the combatant branches of the Army.

Military officers appointed on probation to the Control Department or Sub-Departments will be employed in the camps and large garrisons at home and abroad. Quarterly report will be required from the officers under whom they may be serving, of the nature of the duties allotted to them and the qualifications they may possess.

No officer will be finally appointed to the department unless he has received the necessary recommendations from the officers under whom he has served and resigned his combatant commission.

Officers who have been employed on analogous duties in the existing departments, and who are now serving in the War Office and Horse Guards, are invited to volunteer for the new Sub-Department. From the list of volunteers, when completed, selections will be made of those considered best qualified for appointment.

It must be distinctly understood, that controllers must not hold any office of authority or emolument beyond that provided in the Royal Warrant. All such offices as may have been held under the Admiralty, or under Colonial Government, for the convenience of the Service, by departmental officers, will be held in future only in performing analogous duties in the Sub-Departments with the approval of the Secretary in charge.

Combatant officers volunteering for service in the Control Department must make application stating their age, service and qualifications through, and with the sanction of, the Field Marshal Commanding in Chief.

The rules under which these rates will be issued will shortly be promulgated for general information, and meanwhile the rules laid down in the Royal Warrant dated February, 1886, for the Departmental Corps, will be observed in all matters relating to the issue of working pay.

5. After the first formation of the Army Service Corps by volunteers from Military Train and Departmental Corps, recruits and volunteers from other corps be received as privates only.

6. Men of the Army Hospital Corps transferred to the Army Service Corps, stationed in the rank or in a lower rank than that they held in the former on transfer, be entitled to the pension which they would have received from their former corps pensioned in a rank higher than that they held on transfer, they will receive the ordinary rate, provided that rate is not less than the Army Hospital Corps rate of that in which they were transferred.

## Cl. 3.—Prizes for Good Lance Practice.

Paragraph 5 of the regulations contained in clause 80, Army Circulars, 1863, has given rise to misapprehension, the same is hereby cancelled, and the following paragraph substituted in lieu thereof:—

5. In Lancer regiments a soldier may hold one of the prizes for good lance practice, together with a prize as swordsman; but with this exception, no two will be held by the same soldier. The second in order of merit will, in case of success, succeed to the prize vacated by the winner of a higher prize.

## Cl. 4.—Postage and Stationary Allowance.

1. A detailed account will in future be kept of the receipt and expenditure of postage and stationary allowance chargeable in regimental pay lists.

2. The following items which have hitherto been charged in various corps against allowance cannot be permitted to be so charged in future, viz., extra pay for room clerks, or paymaster-serjeants, carriage of baggage and barrack damages.

## Cl. 5.—Passages—Officers' Sons.

1. Passages for officers' sons above 16 years of age will not be granted at the expense, even when the officer is entitled to free conveyance for himself and family. The limitation of 18 years, fixed by W. O. Circular 775, will, however, not be disturbed in cases of sons of departmental officers permitted to retain the privileges given by the Royal Warrants of 7th February, 1860, and 28th February, 1867; but with this exception the new regulation will apply to all officers, including those of the same relative rank of general officer.

## Cl. 6.—Instructions to Control Paymasters abroad.

Instructions to Paymasters of the Control Department for the conduct of cash despatches of the War Office abroad, are printed as an appendix to the present Army Circular.

## Cl. 7.—Pay and Allowances of Military Foremen of Works and Clerks.

The regimental as well as the departmental pay and the allowances of military foremen of works (whether holding probationary, temporary or permanent appointments) and the regimental and staff pay and the allowances of permanent staff clerks, will be issued to them weekly in arrears by the Control Paymasters at the stations where they are employed.

ARMY CIRCULARS.—continued.

### Cl. 8.—Cash for Regimental Paymasters.

Paymasters will make arrangements with the controller at the station to obtain the pay required for the subsistence of their regiments at such hours as are most convenient, as in no case will conveyance at the public expense be allowed for the performance of this duty.

## SUPPLIES.

### Cl. 9.—Articles of Local Produce.

1. The attention of the Secretary of State for War has been directed to the very great expense now incurred in despatching from this country supplies of stores of an ordinary description for use at foreign stations, but which may be purchased on the spot at greater advantage.

2. In many cases articles of local produce, pattern or manufacture are more useful than those ordinarily supplied from home and cheaper, having regard to the heavy cost of freight and to the necessity of laying in stocks.

3. Controllers at foreign stations will examine the lists of stores sent to this country, with a view to their requirements being in future met as far as possible by local means, they will report upon the articles which can be obtained on the spot, giving in detail the description and prices of the articles of local supply, for which the controllers will be careful to inform themselves as to the produce and regions of their districts. The mode of supply, and time within which the articles can be provided, and any further information which may be useful to the Secretary of State should also be fully stated.

### Cl. 10.—Stores for Troops Embarking.

1. When supplies of barrack and hospital stores or mess equipment are issued by the War Department to the Naval Department, for the use of troops embarking, the value of such supplies is chargeable to Navy estimates. When any of the stores are returned to the War Department, the Navy Estimates are credited with the value of such stores less the cost of washing, repair, &c., necessary to render them serviceable.

2. In order that the value of the stores issued may be recovered from the Admiralty, a statement showing description, state, number, and value, will be forwarded to the War Office, accompanied by a copy of the requisition and authority for the same. A similar statement will also be forwarded to the officer of the Control Department, at the port of disembarkation.

3. In order that the value of the stores returned to the War Department by vessels, at the termination of a voyage, may be credited to the Admiralty, the officer who receives them will forward to the War Office a statement showing the description and value of all such stores, less the cost of washing, repair, &c.

4. All new stores issued will be charged for at cost price, according to the priced catalogue, Balance Sheet No. 2; but when "used" articles are supplied, a fair allowance will be made.

5. When articles are returned by the Naval Department or from vessels, the stores will be re-valued by the officer receiving the stores, and a reasonable allowance made for wear and tear of the articles; in order that the Admiralty may be credited with the amount as laid down in § 1.

### Cl. 11.—Freight from Foreign Stations.

1. The Lords of the Admiralty have brought to the notice of the Secretary of State for War that Army officers entrusted at Foreign Stations with the duty of engaging light frequently fail to report to the Admiralty the particulars of such engagements. The attention of these officers is therefore specially called to Clause 58, Army Circulars, W, which gives full directions as to such reports; and the Secretary of State will hold them responsible that these directions are in future strictly obeyed.

### Cl. 12.—Return of Stores to Woolwich.

1. The following rules are to be observed by Controllers at Home Stations in regard to stores to be returned to the Royal Arsenal, Woolwich.

2. When stores are ordered to be returned to Woolwich, the local Controller will forward to the Controller, Royal Arsenal, a statement in duplicate, W. O. Form (see Appendix), showing the quantity and description of stores to be returned, the number of packages and the estimated tonnage.

3. One of these statements will be returned to the local Controller, with instructions

**ARMY CIRCULARS—continued.**

as to the time the stores are to be forwarded to Woolwich, and the mode of conveyance to be adopted.

4. As a general rule all small arms and materials for their repair go to the Tower, and all other stores to Woolwich, except powder, which is to be consigned to Purfleet, and clothing to Pimlico.

5. Ammunition is to be separately consigned, and not included with other stores.

6. No filled gun cartridges, or filled shells are to be sent to Woolwich.

**Cl. 13.—Chests and Packages.**

1. The attention of officers commanding regiments and corps, Controllers, Commissaries of Stores, and officers in charge of departments, is drawn to the Regulations under which chests and packages of all descriptions shall be brought on charge, and accounted for in the same manner as other articles of store.

2. All issues of canvas, paper, rope, twine, timber, nails, screws, and other materials used for packing, will be supported by the usual expense vouchers, showing the purposes to which the materials have been applied.

3. Packages of all descriptions will be returned into store immediately after they are dispensed with.

**Cl. 14.—Returns of Stores on Local Charge.**

Controllers and Commissaries of Stores are informed that the Returns of Camp, Equipage and other stores on local charge of Departments and Corps, furnished in accordance with the instructions in paragraphs 1, 2 and 3 of W. O. Circular No. 563, dated 17th June, 1864, and clause 14, Army Circulars, 1867, are in future to be rendered annually on 31st March instead of half-yearly.

**Cl. 15.—Report of Committee on Boxer Ammunition.**

1. Complaints having been received from various Home Stations concerning defects in Boxer Ammunition (Mark V.) for Snider rifles, which were stated to arise from faulty manufacture, and from deterioration caused by damp, &c., a quantity received from Cork, Edinburgh and Portsmouth has been subjected to examination and trial by a Special Committee assembled for the purpose.

2. The Report of that Committee is issued as an Appendix with this Circular.

3. From this Report it appears that the state of the ammunition was not such as to affect its efficiency or fitness for use, and that the cutting of cartridges is chiefly caused by imperfect fit of the breech-blocks, to which therefore great attention should be paid.

**Cl. 16.—Pettman Fuzes.**

(Issued as a Special Army Circular, November, 1869.)

Instances having occurred of a displacement of the detonating balls of Pettman general service fuzes in the operation of removing or replacing the screw cap as directed in § 1719 of List of Changes, 1st February, 1869, the immediate attention of all officers who have superintended that operation and of all foremen who have conducted it is called to the possibility of this occurrence, which leaves the fuze in a dangerous state; and it is directed—

1. That all Pettman fuzes, the caps of which have been taken out and replaced at out-stations (with the exceptions stated below), be immediately returned to Woolwich for re-examination.

2. Fuzes which have not been opened, but luted externally under the earlier instructions of § 1634, will be left in that state, but they will be luted at the bottom as directed in § 1719.

3. For the future when these fuzes are screwed before issue into filled shells, by which the luting at the top is sometimes disturbed, care will be taken to apply a little of the composition to the head after screwing it into the shell.

4. Pettman fuzes which may have been opened at stations in Africa, Ceylon, Mauritius, Australia, China or Vancouver's Island, will be carefully re-examined and the results reported, but the fuzes will not be sent home until further orders.

No such fuzes are to be issued, and an approved supply will be forwarded to meet current demands.

5. Pettman fuzes which have been opened and have been since placed in loaded shells are to be removed. If the shell has an unloading hole the bursting charge is to be previously withdrawn. If it has no unloading hole the precautions directed

## CIRCULARS—continued.

§ 24, Clause 143, Army Circular, 1st November, 1869, must be taken, and the shells so drilled returned to Woolwich.

In drilling shells the position of the unloading hole, see § 1764, will be chosen for the perforation.

### Cl. 17.—Examination of Arms returned into Store at Home Stations.

The Secretary of State for War has decided that the examination of all arms received into store at home stations shall in future be carried on at the Tower, whither the Inspection Department has been removed from Birmingham.

With the exceptions hereafter mentioned, the inspection and examination for all small-arms, swords, lances, pistols and materials received into store from various services will cease at the out-stations.

When arms are returned into store at out-stations, they will be tallied with the very vouchers, and if found correct taken into store as "doubtful," without reference to condition, and sent to the Tower as opportunities offer, with separate vouchers, for examination and assessment of damages; the receipt, specifying numbers, being rendered to this office at once, in order that any deficiencies may be claimed from the regiment or corps.

The only exceptions to this rule are the following:—

*Breech-loading arms received as surplus from regiments and corps.* These arms will be examined immediately they are received, and as they should be in a perfectly serviceable condition, any which are found to require repairs will either be sent to the regiment for that purpose, or repaired by the civil armourer at the station at the expense of the corps. They will then be forwarded by the first opportunity to the Tower.

*Arms or parts of arms issued on loan to arm the civil power during disturbances.* These on their return to store will be examined by the civil armourer and their condition reported to the Controller in Chief, who will decide whether any repairs should be executed at the station or by the Royal Small-Arm Department.

*Breech-loading arms returned from Her Majesty's ships at Devonport, Chatham and Portsmouth,* which can, after slight repairs, be made ready for re-issue.

The same course will be pursued with regard to accoutrements, except that they will be returned to the Royal Arsenal instead of to the Tower.

In order to guard against the issue of new arms or accoutrements to regiments or corps at a time when there are part-worn articles in store that have already been used for such regiments, District Controllers will, on receipt of requisitions from regiments for arms or accoutrements, forward the same to the Controller, Woolwich, in order that the stores, if available, may be supplied.

On receipt of the requisition (which is to be in duplicate), it is found that the same can be made, the district Controller will be so informed, and the supplies will be directed to the corps from the Tower or Woolwich.

If there are no part-worn arms or accoutrements in store, the requisitions will be sent to the district Controller and be dealt with locally, such arms and accoutrements as are available in store being issued.

### Cl. 18.—Bass Brooms.

It is notified that the issue of bass brooms will in future be made, when necessary according to the following scale, viz.:—

	Number of brooms yearly.
To regimental and other hospitals ... ..	3 to 6*
To every 5 horses of Cavalry and Artillery occupying stables	6
To the stables of regimental field and staff officers of Infantry occupied ... ..	6
To the stables of regimental and staff officers of Cavalry each	6
To cleaning yards, parades, &c. &c. ... ..	20 to 40*

The bass broom heads and handles will be exchanged at the public cost only when roughly worn out by fair wear and tear.

The minimum number of bass brooms for these services will be issued, except when certified by the officer commanding and Controller that a larger number not exceeding the maximum are absolutely necessary. The excess issued above the minimum in all cases be submitted for the approval of the Secretary of State for War.

be issued, ex-  
ceeding the number not  
exceeding the minimum  
State for War.

## ARMY CIRCULARS—continued.

3. The base brooms will be accounted for in the barrack store accounts in the way as hair brooms, &c.

4. Clause 51, Army Circulars, 1867, and Clause 53, Army Circulars, 1868, are cancelled.

## Cl. 19.—Prices of Dumb and Bar Bells.

1. The prices of dumb and bar bells shown below, will be substituted for those in Appendices to Clauses 21 and 95, Army Circulars, 1868.

2. Charges against the troops will be regulated accordingly.

## Cl. 20.—Medical Comforts.

1. The Secretary of State for War has approved of soda water being issued to in army hospitals, in cases when the issue is specially approved by the principal medical officer of the command.

2. The use of bottled lemonade is prohibited. When fresh lemons cannot be obtained, lemonade should be prepared from lime juice, in the proportion of two ounces of juice to one pint of the beverage.

## Cl. 21.—Medical Aid—Woolwich Arsenal.

1. The Secretary of State for War having had under consideration the regulations in Article 2 of W. O. Circular 849, which limits the grant of medical aid to those residing within a radius of one mile of the staff dispensary, or of the hospital station; has been pleased, in regard to the Royal Arsenal, Woolwich, to issue the following regulations for that station:—

2. Medical aid will henceforth be granted—

- to persons entitled thereto, who reside within one mile radius of a point distant from the main and Plumstead gates of the Royal Arsenal, as shown by a yellow semicircle in a plan of Woolwich district, to be seen in the office of the heads of departments, Royal Arsenal, such medical aid being afforded by the medical staff of that establishment.
- to persons similarly entitled, who now reside within the radial line drawn on the plan of the Dispensary of the Royal Arsenal, and coloured red in the plan already issued, and which was the limit hitherto in force; but no one hereafter taking residence outside the new radius can be afforded medical aid.

## Cl. 22.—Disposal of Useless Books, &amp;c.

1. The Secretary of State directs that useless books, forms, &c., be not allowed to accumulate. Should any great accumulation at present exist in any regimental or staff military office, steps will immediately be taken for a clearance being made in the manner laid down in these regulations.

2. Before books or documents are condemned as useless, the officer at the head of the office will forward to the War Office through the local Controller, a full list showing the following particulars:—

- The description of the books or documents;

## ARMY CIRCULARS—continued.

2. The periods to which they apply;
  3. The reasons in each instance for the books or documents being considered no longer necessary.
- The Secretary of State for War will then decide as to the retention or destruction of books or documents in question.
- All books, forms and documents condemned as useless, as also old paper and other out-of-date articles of stationery (excepting old bottles and pens), both in staff and regimental offices, will from time to time, under orders from the local Controller, be turned over to the Store Department by the several heads of offices.
- Controllers will, however, on no account permit the Store Department to take over condemned books, documents, &c., until a notification is received from the Office, that the condemnation has been authorized by the Secretary of State for War.
- The condemned articles when taken over, will be forwarded by order of the local Controller to the Controller, Royal Arsenal, Woolwich, as opportunities may occur.
- In order that the expense of forwarding useless books, forms, &c., to Woolwich, Stations abroad, may be diminished as much as possible, local Controllers will, on bringing them on charge by weight, send them to this country in her Majesty's ships, or in any other way by which cost will not be incurred for freight.
- At home stations, books, paper and all such articles will be brought on charge by the local Controller, and kept in store by the local Controllers until the accumulation amounts to a quantity; when they will be reported to the Controller, Royal Arsenal, Woolwich, as they are to be forwarded on the usual form.
- Consignments sent from home stations will be charged separately by "vouchers," from stations abroad by "bills of lading" and "schedules;" and will be struck off local store accounts on these vouchers.
- The Controller, Woolwich, will on receipt cause the vouchers or extracts from the "schedules" of the bills of lading to be forwarded, together with the old books, &c., to the Stationary Office.
- These vouchers or extracts will be duly receipted and returned to the Controller, Royal Arsenal, Woolwich, in order that the former may be returned to the consignor, the latter attached to the "schedules," in support of the ledger entries.
- War Office Circulars 235 and 790, and Clauses 25 of Army Circulars, 1867, and Army Circulars, 1869, are hereby cancelled.

## LEGAL PROCEEDINGS.

## CL. 23.—General Regulations.

All offences committed against the ordinary criminal code of the country brought to the notice of the commanding officer, should forthwith be notified by him to the local police, that the same may be duly investigated by their agency, and punished by the civil criminal tribunals.

Until the Secretary of State directs the Solicitor to the War Department to take any legal proceedings, or to reimburse the cost, he will incur no responsibility thereon on account thereof.

When assistance is sought to commence or to defend legal proceedings either in the country or on behalf of the Secretary of State, a full statement of the facts must be sent to the Under Secretary of State authenticated by the head of the department at home, or by the general officer abroad.

Where officers, or men under their command, are made defendants in civil or criminal proceedings, the defence thereof will be conducted upon the sole responsibility of such defendants until the decision of the Secretary of State is given.

When, in such cases, any claim is preferred to the Secretary of State for assistance or for the reimbursement of the cost of the defence, it must clearly be shown, with reference to the declaration or indictment (of which a copy should be sent with the application), that the act complained of was one sanctioned by competent authority, or was within the prescribed course of the defendant's duty.

*At Home.*

In cases of murder, where the accused and the deceased were both subject to the Mutiny Act, the Commanding Officer will request the magistrates forthwith to commit a copy of depositions taken before them to the War Office, that the case may be tried by the Secretary of State deems it expedient that a more speedy trial of the accused should be had than the usual course of practice allows) be prepared for trial by the Solicitor to the Department, under the jurisdiction in "Homicides Act, 1862."

## ARMY CIRCULARS—continued.

## Abroad.

7. Where the adoption, or the defence of legal proceedings abroad cannot wait previous sanction of the Secretary of State, they should only be taken on the authority of the general or other officer commanding, to whom a report of the circumstances of the case, together with a statement showing the probable expenses to be incurred, addressed by the head of the department on whose recommendation the legal proceedings are proposed to be taken.

8. These reports, together with the letter of the general or other officer commanding authorizing legal proceedings, will be forwarded by the head of the department concerned, to the Secretary of State for War, for approval; and in no case will the cost incurred be admitted as a charge against the item for "Law Charges." Vote 17, if they have received such approval.

9. When legal proceedings have been authorized, the head of the department concerned will, from time to time, furnish the legal adviser of the War Department with such information and assistance as he may require, and keep the Secretary of State advised as to the course being pursued.

10. In colonies having a responsible government, and in which the law officer of the crown may be frequently changed, and in other cases in which from some local circumstances, the general or other officer commanding, with the assent of the government, consider that the law officers of the crown are unable to attend conveniently to the business of the War Department, the general or other officer commanding will select a legal adviser of character and eminence in his profession, to act for the War Department. He may be one of the colonial law officers or not, as the general or other officer commanding may think best; and his name will be reported for the approval of the Secretary of State for War.

11. In cases where advice of the law officer of the crown is obtained, his services shall be paid.

12. The remuneration of the selected adviser of the War Department, will be as follows: (1) if he is a law officer of the Crown, who is paid by a salary, his remuneration shall bear the same proportion to his annual salary, as the demands of the War Department on his time and attention during the year may have borne on the demands during the same period on his time and attention on the part of the Colonial Government; (2) by fees, the fees to be paid by the War Department by the Colonial Government shall not exceed more than the fees which any such officer may receive in respect of duties of equal importance and difficulty performed for the Local Government.

13. When the selected adviser is not a law officer of the Crown, he should receive no remuneration for any business which may be thrown upon him by the War Department, a fair remuneration according to the allowance that would be made by the Colonial Government to a law officer of the Crown.

14. There are cases in which the services of the legal officer of the Crown are rendered as a barrister, and a case must therefore be prepared for him by an advocate, and, in some minor cases, the services of the attorney may alone be required. General or other officers commanding will therefore use their judgment in such cases with a view to the diminution of legal expenses may be effected without sacrificing public interest.

15. W. O. Circulars 467, 592, 598 and 799 are hereby cancelled.

## APPENDIX TO CLAUSE 6.

## INSTRUCTIONS TO PAYMASTERS OF THE CONTROL DEPARTMENT FOR THE CONDUCT OF CASH DUTIES OF THE WAR OFFICE, ABROAD.

## Amalgamated Treasury and War Office Cash Book.

1. As the duties of Treasury and War Office Accountant are united in one person, all cash transactions on account of the War Office will be recorded in the Treasury Cash Book, under the regulations laid down in Clause 121 of the Treasury Chest Regulations.

## Payments.

2. All payments on account of War Office services will, when practicable, be made by final vouchers as laid down in Clauses 15 and 16 of Treasury Chest Regulations. If it may, however, be necessary to grant an imprest, a receipt (Form 7) will be taken for the amount issued, and entered on the credit side of the account in the cash book as the abstract of sums paid (Form 2, page 47).

3. All imprests excepting those issued to Regimental Paymasters will, if possible, be accounted for within the month in which they are issued. The refund (on Form 1) will be entered up on the debit side of the account in the cash book, and on the

## ARMY CIRCULARS—continued.

sums received (Form 2, page 46), and the vouchers representing the expenditure will be charged on the credit side; the balance, if any, being paid into the chest.

The approval of the Controller must be obtained for the issue on imprest for War services of any sum exceeding £100, unless issued on a pay list for wages.

All final payments will be made by the Paymaster, on vouchers certified and verified in accordance with the Regulations of the Service.

The Paymaster will be responsible that the account in which the supplies are paid, and the contract under which they are delivered, are specified on the voucher.

Details of calculations will be carefully checked by the Paymaster, who will be responsible for their correctness, and that sufficient authority is shown on every voucher for the expenditure it represents.

Advances to original authorities will invariably be noted on the vouchers furnished in support of payments.

Payments for all supplies of the nature detailed in the margin\* will be made by the Paymaster on vouchers certified by a supply officer of the Control Department.

Payments on account of services of the nature detailed in the margin† will be made under contracts or otherwise as may be provided for, on vouchers certified by an officer of the Royal Engineer Department.

All other general services under contracts, &c., will be paid on the signature of an officer of the department administering the supply, on properly prepared vouchers, when necessary, the special approval of the controller.

Payments of commuted allowances in lieu of supplies in kind, when authorized, will be made on the certificate of the head of the staff or department to which the claim belongs. A Commissary will certify on the claim that supplies in kind have not been issued.

Payments for postage in the colonies will be limited to charges either local or colonial. Postage to the United Kingdom will not be included in the War Office accounts unless absolutely unavoidable.

No advances to officers for the purpose of prepaying the postage of letters, will be made unless absolutely necessary, as it is considered that the trifling amounts required for this service can be paid by the head of the department.

The pay lists for Military Prison Establishments will be prepared by the Prison Officer, or by the chief warden in his absence. The gross pay will be included on the debit side of the account, and on the debit side will be shown any deductions, whether for arrears of duty, fines or stoppages for clothing, &c.

The cost of bread and meat issued from the control magazines will not be included under the expense of the prisons, an adjustment of such issues being made in the War Office.

The vouchers for the extra pay to officers as Assistant Firemasters will be presented by the officer commanding the Royal Artillery, and will in all cases bear the signature and date of the authority for the expenditure.

The compensation in lieu of clothing to military clerks employed in the staff, to garrison sergeants, and other non-commissioned officers on the staff, will be included by the Control Paymaster, who will, in all cases, attach to the voucher a certificate from the officer commanding, or head of department, that the clothing has not been issued in respect of which compensation is claimed.

The Control Paymaster will not include in the War Office accounts any payments for naval service other than those particularized in the margin,‡ as all other charges, whether for advances to paymasters of her Majesty's ships, or for the purchase of supplies, will be included in his Treasury Chest Account.

Payments for washing bedding landed from transports will not be included in War Office accounts, but will be charged in the Treasury Chest Account, the service being payable from naval funds.

When a passage from one station to another is provided for officers and others in the pay of the Control Paymaster, he will note the fact on the last pay certificate issued to them, in order that the accountant who makes the first issue of pay to them after the termination of the voyage, may bring to credit the amount due for messing contribution.

Supplies, provisions, forage, fuel and light, paillassé straw, water, gas, emptying pits, sweeping chimneys, supply of lime and other disinfectants. Transport, rents, and taxes for hired land and buildings, repairs to stores.

Works and buildings, &c., clearing drains, winding, regulating, &c., turret and fixed clocks. Rates and taxes of lands and buildings the property of the War Department.

Payments on account of naval services for passages, freight, &c.

## ARMY CIRCULARS—continued.

22. The agreements or other approved documents, together with the requisition for the passage, will be attached to the voucher of payment, in evidence of its correctness.

23. Freight of specie will not be included in the War Office account, unless the freight has been incurred for the movement of funds solely for War Office service.

24. In all cases the gross amount advanced to paymasters or others will be credited in the account, and any repayment will be entered on the debit side thereof.

25. Staff or departmental pay and allowances will be issued monthly in arrear on the last day of each month, in accordance with the provisions of the Royal Warrant of 2d February, 1866, subject to all due certificates being furnished.

26. Before making a first issue of pay to any officer or other person, the Paymaster will be careful to obtain the last pay certificate of the accountant by whom the claimant was last paid. He will deduct from such issue, and credit in the same account as that in which the pay is charged, any messing contribution shown to be due by the messenger's certificate.

27. In all cases of an officer's name appearing for the first time on the lodging list it will be explained on the voucher whether he was previously in public quarters, or whether he has newly joined the garrison. In the latter case a copy of the garrison order notifying his arrival will be appended.

28. The Paymaster will be held responsible that no pay and money allowances are charged at higher rates than those to which the several claimants are entitled, according to the Regulations.

29. Though the Paymaster is exempted from the duty of classifying his accounts under the several votes of Parliament, it is nevertheless requisite, with the view of facilitating audit, that he should impress on all executive officers the absolute necessity of avoiding the blending in one voucher of services chargeable to different votes; or even (as far as may be practicable) to different sub-heads of such votes. An exception to this rule is made in payments of pay and money allowances to officers and others.

30. In making payments upon wages or labour lists, the Paymaster, after examining the voucher, will personally, or by one of his clerks, pay the several individuals in detail. When the wages of labourers are paid, the foreman, whenever practicable, should attend. The receipt of each individual must be attached to the Pay List, excepting at stations where, on account of the large number of labourers employed, a special exception to this rule has been sanctioned. The working pay due to military working parties will not be paid in detail by the accountant, but will be issued to an officer authorized by the commanding officer of the corps to receive it.

*Non-effective Pay and Allowance.*

31. The pay lists will show the rate of pension and the regiment of the pensioner.

32. At stations at which there are officers specially appointed for the payment and organization of out-pensioners, the whole of the pensions and the expenses of the establishment will be paid by such officers and included in their accounts.

33. No payment of a non-effective allowance will be made abroad on account of the Secretary of State for War unless upon special instructions; and in the event of the death of any individual who may have received his non-effective allowance through the Control Paymaster, the date of death will at once be reported to the Secretary of State for War.

34. Care will be taken that no superannuation allowance is paid without first obtaining the usual form of declaration, and that the forms applicable to each case are used in the payment of all non-effective allowances.

35. If any person belonging to the military service holds an employment of profit or emolument, civil or military, under the crown, or under any other government, not specially sanctioned in the authority for issuing to him his half-pay or pension, the payment thereof will be suspended until the circumstances shall have been reported to the Secretary of State for War and an answer obtained. Meanwhile, the claimant should be instructed to communicate with the head of his own department on the subject.

36. The half pay of lunatic officers will in no case be issued upon the application of parties on the spot; commanding officers will instruct the parties applying to them in such issue to address themselves direct to the Secretary of State for War, with a view to the adoption of the usual course of inquiry, and to the selection of trustees to be made accountable for the receipt and application of the half pay.

37. The arrears of half pay due at the date of the death of officers and others belonging to the Military Service, if exceeding 100*l.* in amount, may be paid to the legal representatives, on production of probate of will or letters of administration, or of legal documents regarded as equivalent thereto by the laws of the colony. Certified copies of these documents will be attached to the voucher. In cases, however, where the

## ARMY CIRCULARS—continued.

do not exceed the sum of 100*l.*, payment may be made to the legal representatives of the deceased upon production of a declaration, supported by receipted bills for the funeral and funeral expenses.

The particulars (including the date of decease, and the amount due) of every case in which the arrears may remain unclaimed (or in which the claimants may be unable to substantiate their claim by the production of the usual documents), will be reported to the Secretary of State for War, in order that directions may be given in respect to payment.

The Control Paymaster will communicate through the Controller with the Secretary of State for War on all matters relating to the payment of non-effective and commutation allowances payable through War Office accounts.

In the event of any person in receipt of non-effective allowances removing to a colony, a certificate showing the date to which the pension, pay, or allowance was issued, will be forwarded by the Paymaster to the Controller in such colony, and removal will at the same time be reported to the Secretary of State for War. Similar certificates will be transmitted to this office in the case of persons returning to the United Kingdom, in order that instructions may be issued for the future payment of their pensions, &c.

Whenever, and so long as, the pay, salaries, pensions and allowances of public officers and other persons chargeable upon the revenues of Great Britain are subject to income tax under any act of the Imperial Parliament, the Paymaster will take care that such sums are deducted from payments on the above account made by him, according to the instructions received from the Secretary of State, the gross amount of the pay charged, and the income duty thereon credited in the same account.

The assessment to income tax being an *annual* one, the pay, &c., of individuals is liable during one portion and exempt during another portion of the financial year.

All non-effective claimants (with the exception of orphans on the compassionate list, artificers, labourers, whose public allowances are under 50*l.* a year), entitled to exemption from income tax, are to be required, immediately after the 1st of April in each year, to prefer their claims to such exemption according to the authorized form, and document, duly executed, will be attached by the Paymaster to the voucher for the first payment due after the 1st of April, as his authority for exempting the allowance from the tax during the whole of that current year.

Income duty will be accounted for on Form G, and will constitute a distinct item in the account current.

*Receipts.*

The value of stamps on commissions due by officers in the payment of the Paymaster, will be recovered by him and credited in the same account as that in which the commission first appears.

A special book is supplied for the record of rents receivable, in which the Control Paymaster will enter every such transaction within his district. He will be duly authorized by the Controller with every addition to, or other change in the roll. In conformity to the usual description of the property, a number will be given in the Register of the rent, which should be quoted in all vouchers and documents relating thereto. The Paymaster will keep a list of all such charges falling due within his district, and call quarterly, or at such other period as may be specially authorized, on all persons so indebted to make immediate payments, duly reporting to the Controller any which he is unable to collect, in order that steps may be taken to enforce payment. The Paymaster will be held strictly responsible. He will in like manner call quarterly the stoppages due by engineer officers accommodated with public houses.

Fines, &c., levied for encroachments, partake of the nature of, and will be collected in the same manner as rents, except that their collection will be annual instead of quarterly.

The rents of canteens will be collected weekly, by the Commissary in charge of the canteens, and credited monthly in the accounts of the Control Paymaster.

Other credits on account of army services authorized to be brought to account by the Paymaster, will be received and credited on vouchers to be properly certified by the officer of the department administering the services; reference being given to the authorities in cases where such documents have been issued. The Paymaster, on receipt of instructions from the War Office, recover sums disallowed in accounts, and credit them in the next account rendered by him. Should this be impracticable, he will make a special report of the circumstances for the consideration of the Secretary of State for War.

ARMY CIRCULARS—*contd.*]*Accounts.*

52. The receipts and expenditure of sub-accountants will be embodied in the account current of the head quarter station, and to prevent delay in making up the latest abstract and vouchers will be transmitted by sub-accountants to the Control Paymaster at head quarters not later than the 2nd of the month succeeding that for which account is rendered.

53. The abstract and vouchers will be transmitted unclassified, and will be in the form of an account current supported by abstracts of receipts and payments, voted in accordance with existing regulations.

54. The abstracts of receipts and payments will be counterparts of the War Office columns of the cash book referred to in clause 1. In order to admit of the accounts being dispatched from the station at the earliest possible date after the close of the month, the abstracts should be written up daily.

55. All vouchers will be numbered consecutively from the first to the last day of the month. The numbers will be written on the left hand upper corner of the voucher which will be left unfolded. With a view of facilitating reference in commands where there are sub-station accounts, the vouchers will have the name of the station written under the number of the voucher.

56. The form referred to in the margin\* shows the manner in which the Paymaster at Head Quarters will bring the monthly accounts and balances of the commands under the notice of the Controller in his general account current, which will be transmitted to the Secretary of State for War as early as possible after the termination of each month.

*General.*

57. All transactions, whether of receipt or expenditure, will be included in the accounts of the period during which they are actually received or paid.

58. When contractors and others omit to claim payment of bills, chargeable on the Works Vote, until after the expiration of the year in which they have been ordered for payment, the Control Paymaster will return them to the commanding Royal Engineer for revision as to the items of the vote of the current year's estimate to which they should be made chargeable.

59. In order that the Controller may be cognizant of the transactions of the Paymaster and ensure the discharge of his duties with care and dispatch, all correspondence relating to his duties (excepting local letters referring solely to the details of the accounts) will be transmitted through the Controller. All instructions, orders, and orders from the financial branch of the War Office will be sent to the Paymaster, who will cover to the Controller, who will note the date on which they are passed to the Paymaster, and that on which the answer, if any, is returned, and it will be his duty to see that no unnecessary delay occurs on the Paymaster's part in carrying out such instructions. The Controller will countersign the Paymaster's communications to the War Office in evidence that he concurs in them, and that this regulation has been strictly observed.

60. The Paymaster will be required to keep a vote charge book, W. O. Form 1, in which the amount authorized at his station under each head and sub-head of service, and the payment made by him out of that appropriation.

61. The voted estimate will not be considered as conveying authority for the payment of any account whatever, inasmuch as in it provision is merely made to cover probable expenditure, which is, in all cases, to be governed by the Royal Warrants, or other orders, either general or special, from the Secretary of State for War.

62. Any claims presented for payment that are not so sanctioned should be referred to the Controller for instructions before payment.

63. In all cases of difference arising between the Paymaster and others relating to the details of his accounts, he will at once, if the difference cannot be settled by him, refer the case to the Controller for his orders. All questions which may arise as to the propriety of other considerations than those relating to the details of the accounts should be referred to the Controller.

64. The Paymaster will be careful to record the leave of absence, as notified in the War Office, of all officers and other persons in his district in the book provided for that purpose, and checking therefrom the number of days' previous leave recorded in the Paymaster's account.

65. A form of General Register is supplied, by careful attention to which the Paymaster may easily trace every document which passes through his hands and see the action thereon, whether he retains the same, or transmits it for decision, or finally disposes of it as a supporting voucher to his accounts.

N.B.—The cash vouchers at present in use, adapted by the Paymasters to the existing regulations, will continue to be used until a reprint becomes necessary.

War Office, 3rd December, 1869.

## APPENDIX A. TO G.O. 4.

(Circular.)

DEPARTMENT OF THE DIRECTOR  
OF TRANSPORTS.

Admiralty, Somerset House, November,

SIR.—It having been represented that frequent extreme wetting of the decks of her Majesty's troop ships is calculated to injure the health of the troops, and especially that of soldiers returning from long service in tropical climates, large numbers of whom are frequently convalescents, their Lordships have been pleased to direct the following instructions shall in future be observed in relation thereto, viz.:

1. The Captains of her Majesty's troop ships are to be careful, when troops are embarked, that the berth decks are not washed down in the ordinary way more frequently than may be absolutely necessary to ensure cleanliness and health.

2. Care is also to be taken with reference to Article 18 of the Regulations for her Majesty's Troop Ships, that the decks, when so washed, be well dried before the troops are allowed to go upon them.

3. As regards ships employed on the *Indian Overland Service*, on the homeward voyages from Alexandria, when large numbers of invalids are occasionally embarked, the berth decks are, after passing Gibraltar, and when approaching the cold and dry climate of the northern latitude, to be cleaned either with hot water, soap and brush, or in very wet weather, which will not admit of the men being sent on deck while the berth decks are being dried, they are only to be sanded with hot dry sand, and swept without the use of water.

Their Lordships feel satisfied that both in regard to this subject, and in all other cases, the Captains will give due consideration to such representations as the officers of the Army on board may feel it their duty to make with reference to the welfare of the troops embarked, when such representations are properly conveyed through the Military Commanding Officer.

I am, Sir, your obedient servant.

(Signed)

W. R. MENDES.

*Director of Transport Service.*

\* Capt. Spalding passed a fair examination in German as an extra subject.
